

ECONOMY PARASOLS

DESIGNED BY
Shademaker

CHARACTERISTICS
Nautical | Contemporary | Durable

COLLECTION

Shademaker parasols originated from the sailing industry, inspired by mast technology with nautical design and finishes. Made from heavy duty gauge aluminium alloy with a silver anodised finish for durability. High performance marine grade acrylic fabrics are used for the canopies to ensure fade resistant and durable performance.

CUSTOMISATION

Choose your canopy shape and colour to style it your way.

APPLICATIONS

For both residential and commercial installations.
