PROJECT COLLECTIONS 2026

WELCOME TO OHMM

We understand creating tangible and inspiring guest experiences is vital for ongoing success. And we believe a key part of that is achieved by selecting the right outdoor furniture.

For almost 20 years we've been assisting clients around the world with their outdoor furniture needs that allow their guests to relax and rejuvenate - as well as being visually impactful.

We offer a versatile range of collections, together with options to customise with an unparalleled choice of fibre and fabric finishing colours and more to suit most concepts.

We are a boutique company with our HQ in Singapore and we own and manage our manufacturing facility in Cebu, Philippines, home to the world's best woven furniture craftsmen.
A little known secret.

This means our levels of build quality, finishing and attention to detail are unrivalled and this adds up to affordable world class quality products for our clients that look great and last.

Our solid track record speaks for itself with an enviable list of leading hospitality, cruise lines, clubs, condos, embassies, spas, marinas, educational, corporates and more as clients.

Please reach out to us to see how we can help. A short email or call is all that is needed to start the conversation.

OHMM Design Studio

At OHMM we have developed an outdoor cover solution using a high tech fabric from the USA - WeatherMAX®. Delivering exceptional durability, water repellency, outstanding breathability and mildew resistance.

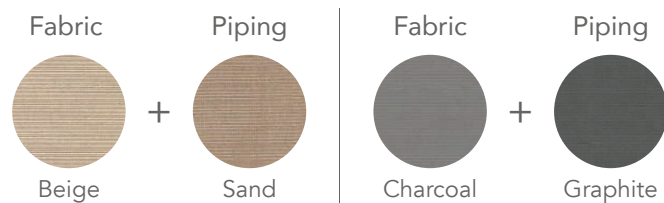

WeatherMAX® fabric is not waterproof, but highly water repellent and breathable. Being breathable means it will help reduce dampness, heat build up and condensation, thus helping to prevent mould and mildew from forming on your furniture and cushions during storage.

Tailored to fit each element of OHMM furniture, they feature a hem around the base fitted with marine elastic cord and cord locks.

And there is a 5 year warranty against loss of fabric strength or colour loss.

Available in two colourways with accent piping on the seams.

HANDCRAFTED QUALITY

OHMM MANUFACTURING

The goal from the outset was to be the absolute quality reference. To achieve that meant setting up our own factory and do everything we could in-house to control the quality down to the smallest detail. Also, that meant building a quality mindset and a culture of continuous improvement.

WORLD'S BEST MASTER WOVEN CRAFTSMEN

So, we searched Asia for the world's best master woven craftsmen and found them on the island of Cebu, Philippines. With centuries of passed down ancient rattan weaving know how, the skilled Cebuano craftsmen help set OHMM's quality apart. Every piece is a work of art.

BEST-IN-CLASS MATERIALS

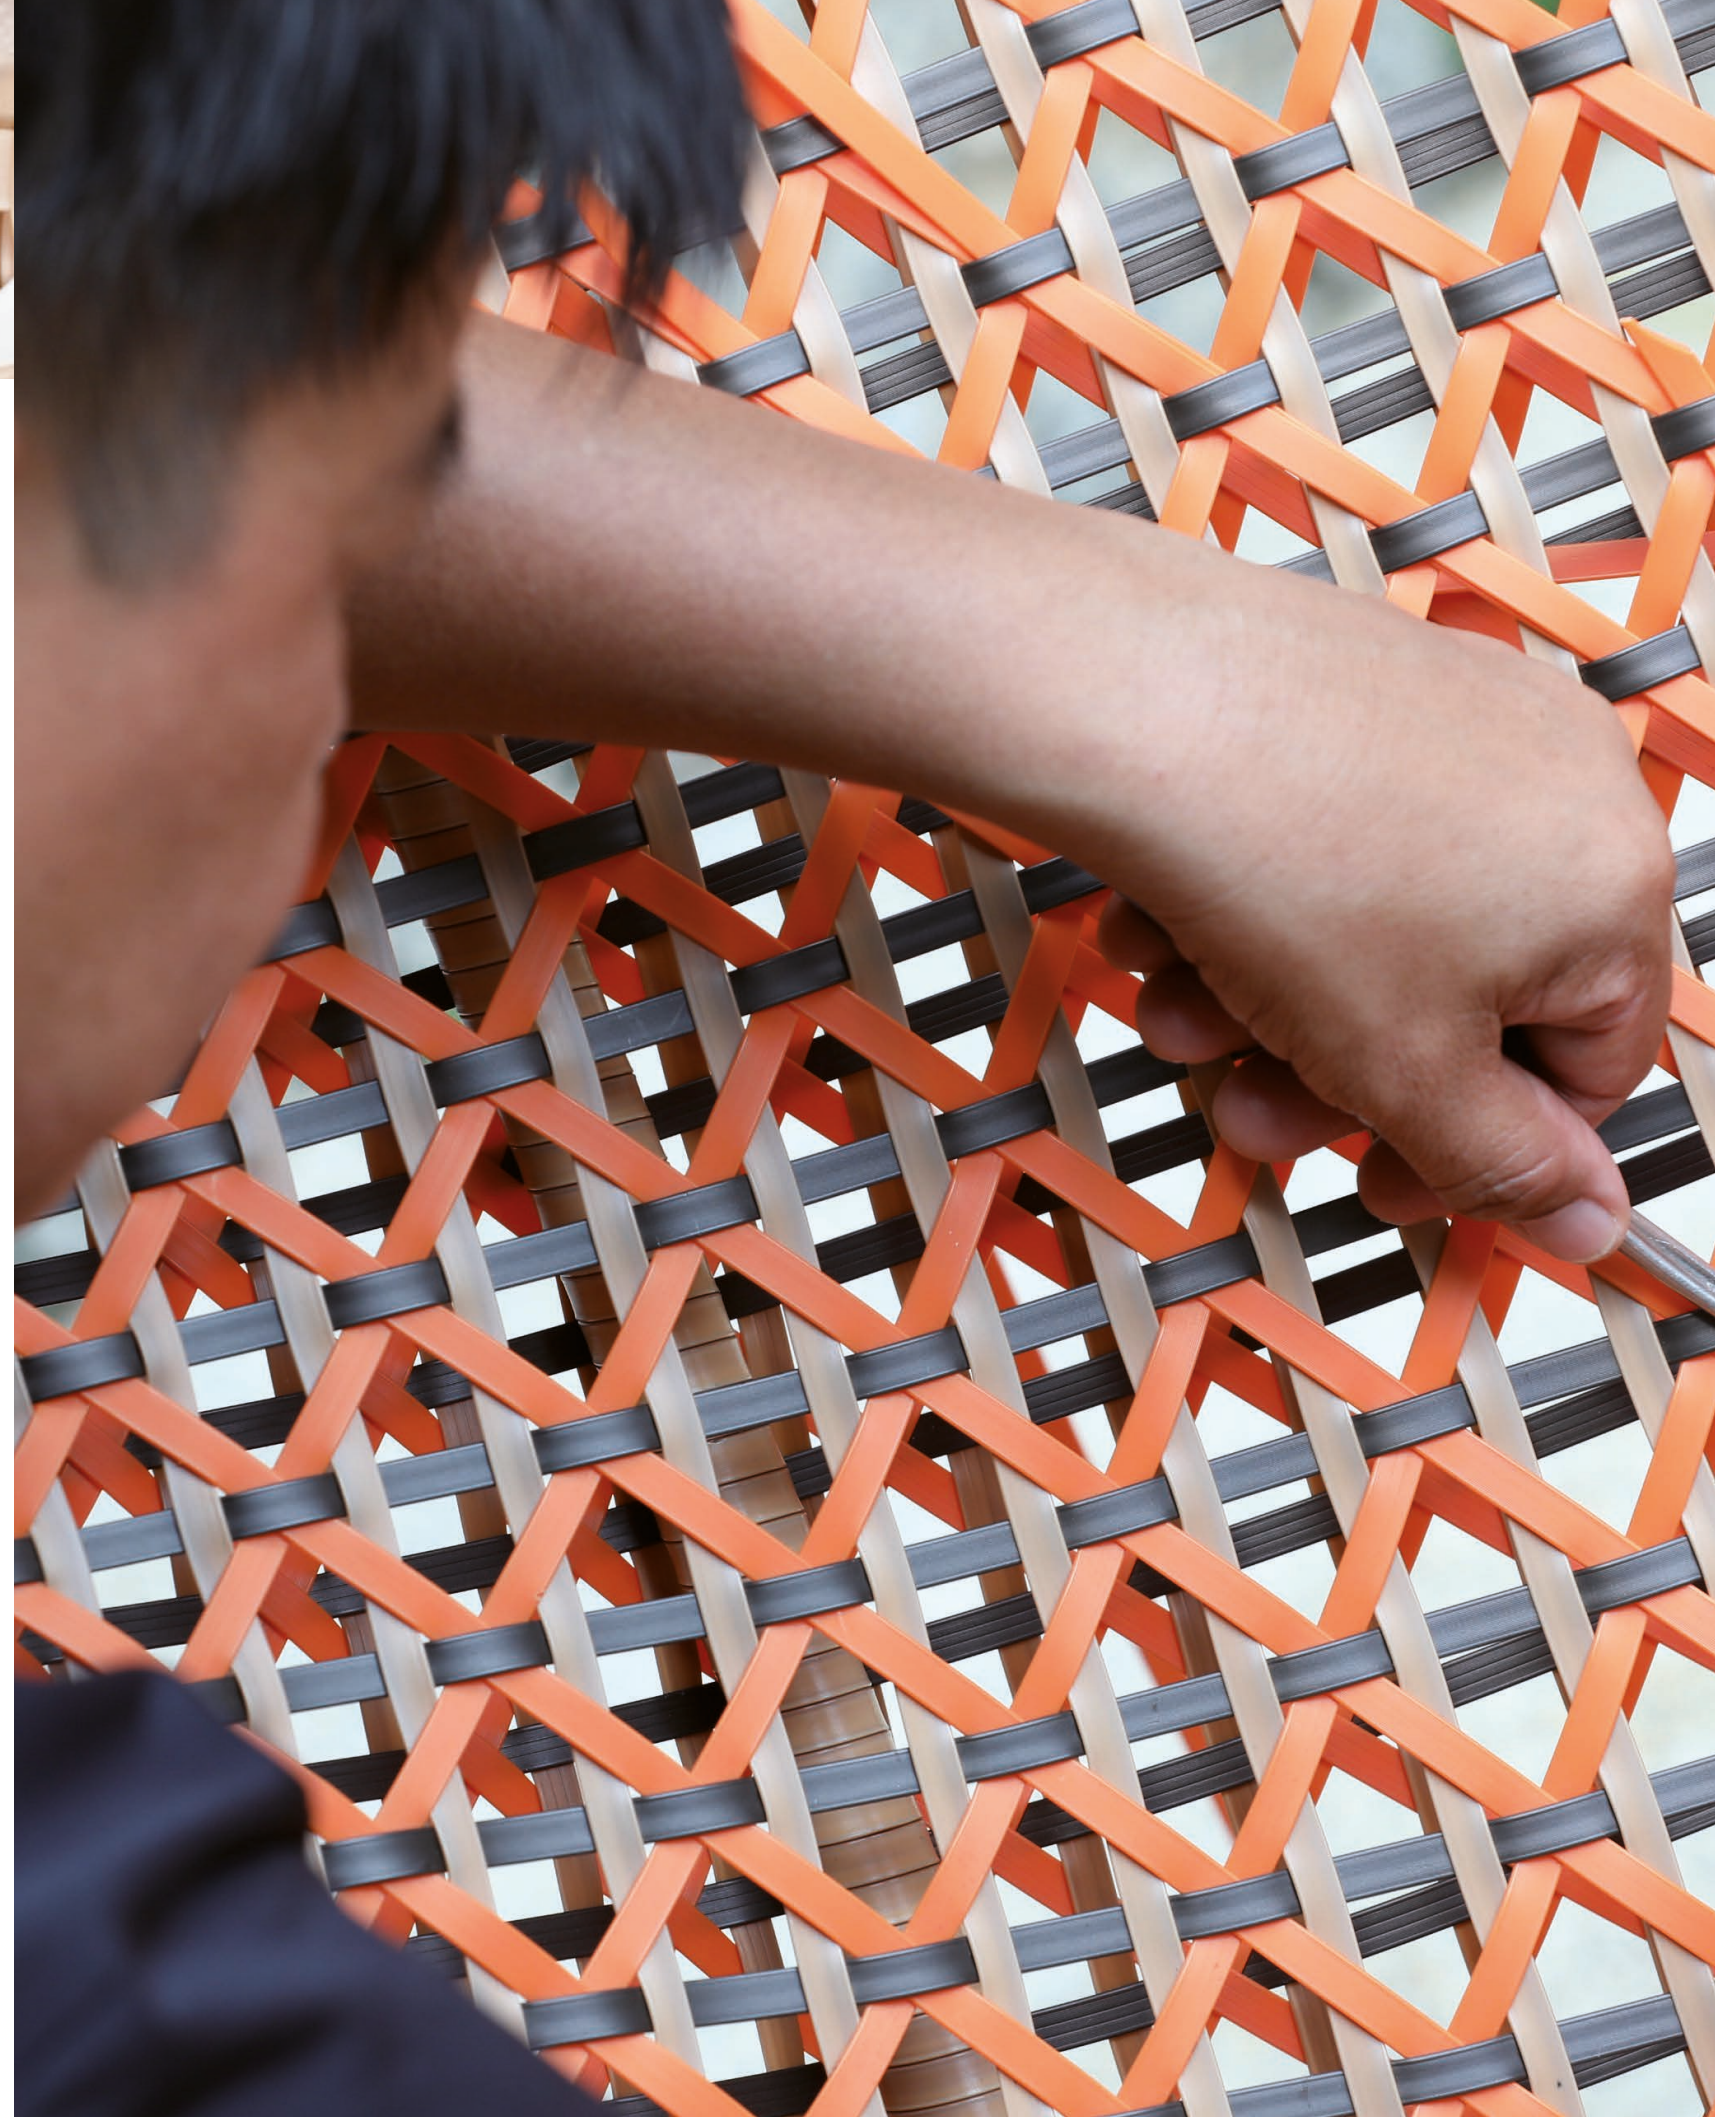

We use only the best-in-class materials - from our aluminium frames, powder coatings, fibre, fabrics, threads, zips, components and everything in between. It's what we touch and feel.

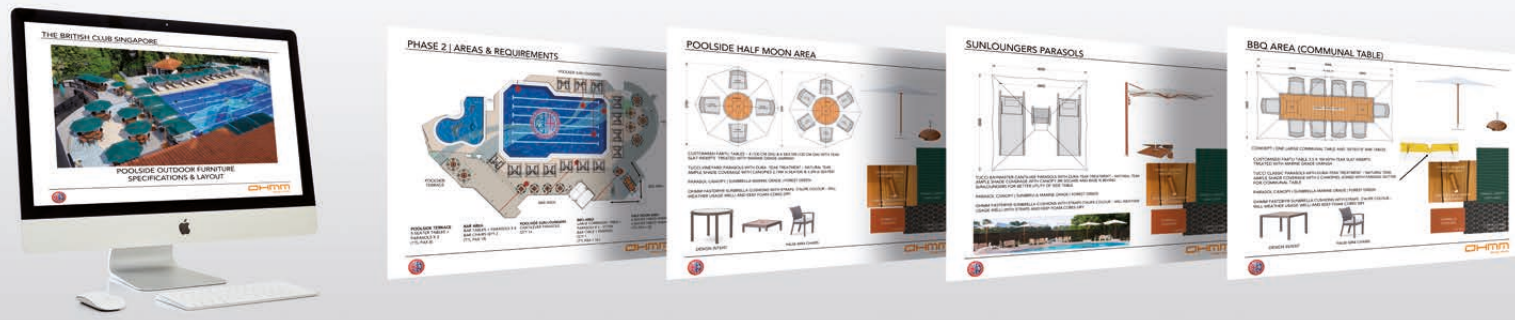

QUALITY CONTROL SYSTEM

Then with best-in-class materials coupled with the world's best woven craftsmen, driven by the desire to make world class outdoor furniture, we support that with a rigorous Quality Control system. Only when each piece has passed, and is ready to pack, a unique serialised badge is attached.

ADVANTAGES WITH OHMM

Owning our own manufacturing facility - almost unique in the industry - gives us a key strategic advantage to meticulously manage our quality and deliver world class products for our clients. OHMM's attention to detail is what sets our quality apart.

OHMM DESIGN STUDIO PRODUCT & CLIENT SOLUTIONS

Our in-house Design Studio gives us a distinctive advantage integrating client requirements and feedback into new product development and upgrade.

Working closely with our product engineers we can quickly realise prototypes. This backward integration is almost unique in the industry.

Understanding our clients' brief is essential and we also bring almost 20 years of experience to the table on exterior planning. Our dedicated Projects Team are skilled in providing considered solutions and presenting them in clear and practical ways for clients to understand.

- **DIGITAL MOOD BOARDS** – creating clear digital mood boards offering appropriate collection elements and colourways.
- **SPACE PLANNING** – layouts showing exact positioning of proposed collection elements, mindful of user utility and natural human traffic paths for optimum access and convenience.

- **MOCK UPS** – where feasible and practical to do actual mock up samples on site to help clients visualise the design intent.
- **PRESENTATIONS** – to walk our clients through our proposed solutions, the thinking behind them, along with key considerations including costs and benefits.

WHY WOVEN?

It's a good question. When we started in the industry, woven synthetic rattan was the new outdoor furniture material. We instantly saw the potential with its high performance, design versatility, luxurious touch as well as the material being highly durable.

OTHER MATERIALS

Over the years, we have experimented with other materials and found the following issues.

- Stainless steel will `tea stain´ and rust if not regularly maintained and it gets exceptionally hot under the sun.
- Aluminium frames with mesh seating are prone to mould, sagging and splitting. Difficult to replace mesh outside a factory environment.
- Teak wood patinas (goes grey) and doesn't look premium after a while. Needs regular maintenance with chemicals to restore.

Bottom line, we found they don't add up to great looks, performance or durability. So, we leave it to others to make products from these materials.

DO ONE THING WELL

After almost two decades in the industry, first hand experience and common sense have taught us that world-class woven outdoor furniture is enduring above all other materials.

So, we focus on producing the best quality woven outdoor furniture in the world. And nothing else.

WARRANTY

It's rough out there – humidity, wind, rain, sunshine, sea salt as well as heavy usage. Buying quality outdoor furniture products that come with a solid warranty is essential to protect your investment and for peace of mind.

WHAT IS COVERED?

Under normal and reasonable conditions of usage and proper maintenance in accordance with OHMM Care and Maintenance instructions, OHMM products are covered by a warranty against defective materials and workmanship.

WOVEN PRODUCTS

OHMM woven and exposed aluminium products are covered by a 5 year warranty for both residential and commercial applications.

CUSHIONS & FABRICS

Cushion pads, linings and fabrics are covered by a 5 year warranty.

HPCL | CERAMIC | GLASS TOPS

HPCL, ceramic and tempered glass tops are covered by a 2 year warranty.

LED ELEMENTS

LED light elements and remote controls are covered by a 1 year warranty.

PARASOLS

TUUCI parasols have a 5 or 15 year warranty depending on the model. Shademaker parasols have a 5 year warranty. Sunbrella marine grade canopy fabrics carry a 5 year limited warranty. 1 year warranty on parasol bases.

WHAT IS NOT COVERED

The OHMM Warranty does not cover damage caused by abuse, misuse, negligence, extreme weather conditions or normal wear and tear. However, we do offer repair services in the markets where we can.

MORE INFO

We stand behind the quality of our products. Please visit our websites for more information on our warranty policy.

ABOUT US

OUR STORY

Founded in 2005 by Kevin Boland during a sabbatical from Hong Kong corporate life to build his dream villa in Phuket, Thailand. Struggling to find modern durable outdoor furniture, he discovered synthetic rattan. OHMM was born then and there.

WHAT WE BELIEVE IN

We have a simple philosophy - that great design gives us pleasure and improves the quality of our lives through products that work well, are affordable and look beautiful. Our ultimate goal is to inspire, cultivating a sense of ease and belonging for those living with our furniture. This concept has notably resonated with the hospitality, gastronomy, and other industries, perhaps because we share a common objective: to transform every pool, balcony, restaurant area, be it indoors or outdoors, into a tangible and distinctive experience for clients' customers.

WHAT WE DO

For over 20 years, OHMM has been helping clients around the world create inspirational outdoor spaces for their guests to enjoy memorable times under the open skies - from hotels and resorts, condos, restaurants, cruise lines, embassies, marinas, corporates and more. Along the way, we've developed a clear understanding of the needs of our clients - quality, timeliness, and choice - with a wide and versatile range of products, colours and finishes. And dedicated service.

HOW WE DO IT

We own our manufacturing facility in Cebu, where we meticulously manage and quality control every step of the production process. This means a product that is lovingly handcrafted in-house with care and pride using only best-in-class materials. Combine this with the world's best woven furniture craftsmen in Cebu - a little known secret - and we believe you have a product that is simply world class. All backed up with a worry free 5 year warranty. We do one thing well. And nothing else.

SUSTAINABILITY

Enjoying life outdoors brings home to us even more awareness for our responsibility to Mother Earth. Anyone can claim to be eco-friendly. We are committed, probably more than any other outdoor furniture company, in doing everything we can in terms of sustainability.

TIMELESS DESIGNS

We start with comfortable, timeless designs that are therefore less likely to go out of fashion and never need to be discarded.

NON-TOXIC MATERIALS & RECYCLING

All the materials we use are 100% non-toxic, having non-polluting effects on the planet. We recycle all our off-cuts - from aluminium, fibre, foam and fabrics - and they all find a new useful life in another form. We repair and renovate existing furniture or recycle where we can too.

PRODUCTS THAT LAST

We believe our biggest sustainability factor lies in our build quality, creating products with such enduring characteristics that last, and therefore, over time needs less replacement, thereby not wasting our planet's precious resources on products that fail and be discarded after a few years.

MOTHER EARTH

Many clients feedback that after years of service, their OHMM furniture is still looking great and doesn't wear out. And we are delighted to hear that.

Good for our clients. Good for future generations.
Good for Mother Earth.
